Projects

- **Board** [Live Link](#) | [Github](#)
Board is a modern whiteboard application with advanced features for productivity and creativity. It offers an intuitive canvas, toolbar, layering, and coloring system. Its real-time collaboration capabilities and robust database enable multiple users to work together, while integrated authentication ensures secure access control.
Language and Packages: Next.js 14, Tailwind CSS, ShadcnUI, Liveblocks, Convex, Zustand, Clerk, Typescript.
- **RDashboard** [Live Link](#) | [Github](#)
RDashboard is a robust administration interface with full authentication, dynamic dashboard, robust table functionality, CRUD operations, Kanban board, real-time synchronization, and pagination functionality. It enhances productivity, data accessibility, and collaboration in real-time.
Language and Packages: Refine, AntD, GraphQL, React, Typescript
- **Global Grocery Store (UI/UX Project)** [Prototype Link](#) | [Figma File Link](#)
Global Grocery Store is a precisely planned mobile UI/UX project made in Figma that aims to revolutionize the mobile grocery purchasing experience on a worldwide scale. This project is dedicated to creating a user-centric interface that values usability, accessibility, and visual appeal.
Figma File Include: Design System, Mobile Design, Site Map.

Skills

React JS, Next JS, Typescript, JavaScript, CSS, HTML, Tailwind CSS, Firebase, Supabase, Convex, SCSS, ShadcnUI, Redux, Refine, Figma, Web and App Design.

Experience

- **Entrepreneurship:**
Founder of DoSmartStudy
The vision behind doSmartStudy was to pioneer a transformative platform that ensures students never fret over study materials or exam pressure. Our platform seamlessly manages every aspect, alleviating stress. As the founder, I led design, development, and marketing efforts. Despite unforeseen outcomes, the journey enriched me with invaluable insights and growth opportunities.

Education

- Quest Group of Institution
Bachelor of Technology in Computer Science
Mohali, Punjab, India
- R.D Junior College
Higher Secondary (Physics, Chemistry, Mathematics)
Digboi, Assam, India

Hobbies

Learning new technology, designing, watching anime and doing social work.
